

Troop 783 Personal References and Volunteer Activities

Dear Troop 783 applicant,

We are very happy that you and your son are interested in applying for membership in Troop 783.

As part of our application process, we would like to know if you could give us a personal reference within our troop who could speak on your behalf. In addition, please give us a very brief overview of what your involvement has been in your current pack/troop (if a transfer) or other organization in which you volunteer. Also, if you plan to take on a role with the troop/BSA such as Scoutmaster, Assistant Scoutmaster, Merit Badge Counselor, Committee Member, Trip Planning, etc., please indicate so. While the troop is boy lead, there are many administrative and logistical duties that need to be handled by adults.

Please use the space below:
